

5th Grade Slide Show

Each year a group of parents pull together photos of the graduating class of students and organize it into a slide show. Synchronized to music, the show is presented as a part of graduation at the end of the school year.

Photos may be from activities and events that happen inside or outside of school. Pictures submitted from activities and *events outside of school should include CWE students only*. All members of the fifth grade will be included in the slide show. A team of volunteers will help gather photos together so that the show may be built efficiently. Photos may be submitted by parents and teachers. We would prefer that they be sent in throughout the school year to avoid leaving something or more importantly someone out. When submitting photo files, be sure to include who is sending it in and contact information for daytime and evening so that should we have any questions we may resolve them quickly.

Photo files need to be high resolution and may be submitted in the following format:

- .JPEG preferred
- Minimum of 200 dpi
- 4" x 6" or smaller

Please do not submit copied photos from a website. The resolution is way too low and will not work. If digital file(s) are larger than 1MB there is a risk they will not make it through email intact. Please check the size of the file before emailing it to me. If the file is larger than 1 MB, please burn a disk or bring the file to me on a flash drive.

Photos submitted after April 30, 2010, are not guaranteed to be in the presentation.

Thanks so much and feel free to call with any questions.
