What is Destination Imagination®?

September 23, 2009 6:30 PM- 8:00 PM

Quail Valley Elementary Cafeteria

3500 Quail Village Drive

Missouri City, TX 77459

Destination Imagination® is a creativity and problem solving program. The program helps kids K-12 build important, lifelong skills, such as problem solving, teamwork and divergent thinking. Teams solve and compete in two types of Challenges within the program year. The Central Team Challenge involves structural, technical or theatrical oriented Challenges and takes several months to solve. Throughout that time the teams also practice improvisational Instant Challenges, which stimulate the team's ability to think quickly and creatively with only minutes to prepare solutions. Teams are coached by parents and student participation requires parent involvement.
